

✦ Our Mission.....

Our Institute is dedicated to provide quality services in health care, education & social welfare with convenient and smooth mechanism to make the society healthy, literate, self sufficient and satisfied in all aspects. Since cost of health care & knowledge is becoming unaffordable for common man. Cost effective health care & education of community would be achieved with the awareness of community on promotive, preventive and curative aspects of their health & social problems.

Within the mere span of 10 years our Institute have crossed many mile stones of achievements & grown into various branches of services with fruits of outstanding facilities. The institute has undergone tremendous change with changing time in its serving attitude. The quest to serve is still active & increasing with regular progress in various services of Institute. Many ambitious development plans are on the way & most of them are on the verge of completion.

The Institute is trying its level best & gives its sincere efforts to achieve its objectives. For this it adopts strict progressive policies, without any compromise with its transparent, responsive & full-proof functioning morals & principles. The institute maintains high standard of working & discipline. This has enabled the institute to gain the peak of performance. ISO 9001-2000 certification of the institute proves the quality of standards maintained by us.

The commitment of our institute to serve, educate, motivate & progress will enable positive growth of the society, build them to deal confidently with their sufferings & withstand the global competitive environment.

◎ Aims-

The aim of conducting these courses is to upgrade the students to:

- Assume responsibilities as professional, competent clinical personnel/ technocrats at basic level in providing Preventive, Curative and Rehabilitative services.
- Make independent decisions in acute clinical situations, protect the rights of and facilitate individuals and groups in pursuit of health, functioning of the hospital, community services and conduct research studies in the areas of various clinical practice.
- They are also expected to assume the role of Leader, teacher, supervisor, manager, enterprenuer in clinical / public health settings.

⇒ Objectives: -

On completion of these courses the students will be able to:-

1. Assess health status, identify needs, plan, implement and evaluate service for patients / clients that contribute to health of individuals, families and communities.
2. Demonstrate competency in techniques based on concepts and principles from selected areas of technical, clinical, physical, biological and behavioral sciences.
3. Participate as members of health team in the Preventive, Curative and Restorative health care delivery system of the country.
4. Demonstrate skills in communication and interpersonal relationship.
5. Demonstrate leadership qualities and decision making abilities in various situations.
6. Demonstrate skills in guiding & teaching to individuals and groups in community health settings.
7. Demonstrate managerial skills in community health settings.
8. Practice ethical values in their personal and professional life.
9. Participate in research activities and utilize research findings in improving nursing practice.
10. Recognize the need for continued learning for their personal and professional development.

1. About the Institute: -

Shri. Vitthalrao Joshi Charities Trust, since last 10 years is providing humble services like health care & social welfare through its BKL Walawalkar Hospital, Diagnostic & Research centre, to the needy & poor population of the konkan region, who were previously deprived of such basic facilities. In this short span of 10 years, the Institute has climbed a remarkable height of achievements in various fields & have gained a respectable status recognized, not only in the local or national level but also at international level. The Institute have promoted many social, health care facilities & is conducting various projects like- Medical & surgical camps, Cleft lip & Cleft palate, Community health program, Malnutrition camps, ANC checkup, "ladoo" distribution for Pregnant Ladies & Malnourished children, TATA rural outreach program for cancer, etc- with services of Indian & foreign specialists from Mumbai, England, Spain, Germany.

To cater the basic, higher & special educational needs of the society, for which the students had to travel miles away, the Trust established various education projects like Primary & Secondary English medium school, Samarth Nursing School, College of Advanced studies, College of Physicians & surgeons etc. All the courses are approved by the Government & respective Authorities like Nursing Council, State board of technical education, Board of CPS, University of health science, YCM Open University etc & the institute fulfills the norms & standards laid by them.

The admissions to these courses are purely based on merit & as per the norms of affiliating authorities. The trust has its own super speciality hospital which consists of various departments like Pathology Laboratory, Blood bank, X-ray radiography, ultra sonography, MRI CT scan, Hemodialysis, Operation theatre which are well equipped with highly advanced facilities. The institute has separate hostel & mess facilities for male & female students. The students are provided with individual guidance from skilled & qualified staff of the institute as well as from the eminent visiting faculties of the respective field. With this support & guidance the students are carrying out many social & clinical research projects successfully.

The courses are proving to be very useful for our students in building their career. Many of the passed out students of our Institute are working in reputed Institutes on respectable posts. The pass outs of above courses have great demand at national & international sectors. After completing the course the students have job opportunities in Government / Private Sectors & also helpful for self employment. The students are also provided employment in Institute's hospital & other related projects as per the requirement. Some of the students were sponsored for advanced education at Tata Memorial hospital, Mumbai & after completing the course the students have been employed in the Institute's hospital.

B.K.L. WALAWALKAR HOSPITAL, DIAGNOSTIC & RESEARCH CENTRE

COLLEGE OF ADVANCED STUDIES

SAMARTHA INSTITUTE OF NURSING EDUCATION

2. Courses Offered: -

PG DIPLOMA IN DIETETICS

PGDMLT

RANM

RGNM

PB. B.Sc NURSING

PG DIPLOMA IN X-RAY RADIOGRAPHY & ULTRASONOGRAPHY

DIPLOMA IN OPERATION THEATRE TECHNIQUES

DIPLOMA IN HEMODIALYSIS TECHNIQUES

☞ College of Advanced Studies.

Affiliated to Maharashtra state Board of Technical Education, Mumbai. (MSBTE)

- Post Graduate Diploma in Medical Laboratory Technology
- Post Graduate Diploma in Dietetics
- Post Graduate Diploma in X-ray radiography & Ultrasonography
- Diploma in Hemodialysis Technician
- Diploma in Operation theatre Technician.

☞ Samarth Institute of Nursing Education

Affiliated to Maharashtra University of Health Sciences, Nashik. (MUHS)

Affiliated to Maharashtra Nursing Council.

- Post Basic B.Sc Nursing
- Revised General Nursing & Midwifery (RGNM)
- Revised Auxiliary Nursing & Midwifery/ Multi purpose health worker (RANM/ MPHW)

3. Various Facilities: -

• **BKL Walawalkar Hospital, Diagnostic & Research Centre**

The trust has its own fully computerized, super speciality 250 bedded hospital which functions for 24 hours & consists of various departments well equipped with highly advanced routine & critical care state of art facilities at charitable rates viz.-

- ⊕ **-CASUALTY:** - For 24 hour emergency medical & surgical services with facility of minor operation theatre with all basic requirements.
- ⊕ **-SEPARATE MALE & FEMALE WARDS-** For indoor patient admission under going further in-house treatment & medication
- ⊕ **-SPECIAL ROOMS-** For providing special Treatment & medication with proper isolation of patients suffering from contagious diseases.
- ⊕ **-ICCU-** For critical patient care, air conditioned & equipped with ventilators, defibrillators, Pulse oxy meters cardiac monitor, non invasive blood pressure monitor (NIBP), etc.
- ⊕ **-NICU-** For special treatment of neonates & equipped with Warmers, photo therapy units, incubators, ventilators, Pulse oxy meters.
- ⊕ **-SICU-** For observation, treatment & post operative care of patients after surgeries & patients with trauma.
- ⊕ **-OPERATION THEATRE-** 3 full fledge, well equipped operation theatres are available for all sorts of major & minor surgeries.
- ⊕ **-HEMODIALYSIS-** There are two separate latest technology units of Hemodialysis for treating the patients with kidney disorders.
- ⊕ **-CT SCAN –** for complete body tomography highly advanced facilities like CT scan, and Spiral 3D CT scan are available.
- ⊕ **-X-RAY RADIOGRAPHY DEPT. -** Special X-ray department equipped with routine X-ray, Portable X- ray & Digital X-ray facilities for various radiographic diagnosis.
- ⊕ **-ULTRA SONOGRAPHY DEPT-** Fully computerized & equipped with latest technology instrument for Ultrasonography diagnosis.
- ⊕ **-PATHOLOGY LABORATORY-** different pathology diagnostic sections like Biochemistry, Hematology, Microbiology, Clinical Pathology, Histo and Cyto-Pathology. With advanced instruments like Cell-Counter, Auto Analyzers, Microscopes (Binocular single eye piece & Binocular double eye piece for demonstration), Automatic Tissue Processor, and Knife Sharpener etc. The institute is also looking forward to build up the recent technology of Tele-Pathology.
- ⊕ **-SWAMI SAMARTH BLOOD BANK-** FDA approved Blood Bank with required facilities like tested & untested Blood bag storage units, TTD laboratory with ELISA Reader & Washer, Cross match laboratory etc. It has been also planned to start the full furnished special component blood bank.
- ⊕ **TMCROP:** - In collaboration with Tata memorial hospital, Mumbai. The institute is working on project of rural outreach program for cancer screening in konkan region & free of cost treatment to the cancer patients.
- ⊕ **-RADIOTHERAPY UNIT-** The institute have established special radiotherapy unit with latest technology equipments for treatment of cancer patients.

College Infrastructure

The institute has a well furnished college building, with all the required resources fulfilling the norms & basic criterion laid by the affiliating bodies. The college building consist of spacious classrooms, well equipped various laboratories, administrative office, staff room, study room etc. The college is situated in the premises of the hospital. The college atmosphere is pleasant & away from other distractions, so that the students would concentrate on their studies.

• Hostel

Separate well furnished, male & female student accommodations are available in the college hostel with reasonable charges. Regular cleanliness & hose keeping is maintained in the hostels. 24 hours water supply & electricity is available.

• Mess-

Separate mess for Gents & Ladies is available which provides hygienic & nutritive diet (Break fast, Tea & Meals) with reasonable charges. The food is prepared by the workers who under go regular health check ups.

• Central Library

Institute has a well equipped, spacious Central Library with sufficient Text & reference books of Indian as well as foreign authors, for all subjects. It also provides recent research articles & Journals, current affairs - articles like newspapers, magazines, communication skill books etc.

• Practical Demonstration Laboratory

spacious practical demonstration laboratories attached to the college are available for conducting routine Practicals for different subjects like Biochemistry, Microbiology, hematology, Clinical pathology etc & facilitated with all necessary equipments, reagents, glass wares and articles.

• Anatomy laboratory

Anatomy lab is available in the college, equipped with dummies, models, specimens, Bones/ skeleton and anatomy & physiology charts.

• Community Laboratory

The nursing college & school has a community laboratory to train the students in community health care & make them acquainted with advanced models of health care system. The lab consists of simulation equipments, models & charts, family set up to practice family & community health care mechanism.

• Demonstration Room

To provide practical demonstration of various techniques performed on the patients, a well facilitated, state of art demonstration room is available within the college premises & is equipped with various demonstration dummies & models.

• Nutrition Laboratory

Institute's dietetics department has a Kitchen type- Nutrition laboratory for demonstrating various dietetic recepies /experiments to the students & is equipped with all the required cooking Ingredients, instruments, utensils etc

- **Conference hall**

A spacious conference hall is available, useful for conducting routine meetings, conferences, Presentations, Guest lectures, etc.

- **Recreation hall**

Well furnished & spacious recreation hall is available where the institute conducts, cultural activities, various functions & annual gathering.

- **Transport facilities**

The Institute is merely 1 km away from the Mumbai- Goa highway, with regular availability of transport facilities like buses, private vehicles and auto rickshaws.

- **Central store**

For provision of routine consumables & other items there is availability of central store in the premises of institute.

- **STD & Fax**

STD / ISD Public telephone booth & PCO coin boxes are installed for the communication service of students & locals in the Institute campus along with fax service provided for official purpose.

- **Xerox centre**

Xerox facility is provided in the institute campus to the students & staff for personal & official purpose.

- **Computer section**

The institute is fully computerized & all departments are interconnected with computers. The institute has separate computer laboratory with 20 computers exclusively for the students training & education.

- **Internet Centre**

Broad band internet facility is established for the students & staff through microwave channel of 2Mbps.

- **General store**

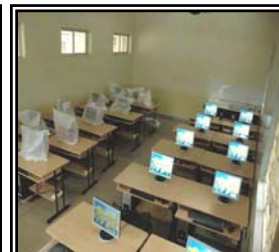

General Kirana store is available in the premises equipped with all routine Utilities & stationary items.

- **Pharmacy store**

The hospital campus has provision of Pharmacy store which is useful & accessible in any medical emergencies.

- **Gymnasium**

Well-equipped gymnasium is available in the premises for exercise.

4. Detailed view of the Courses

Courses	Duration	Sanctioned Intake	Eligibility
College of Advanced Studies.			
Affiliated to Maharashtra state Board of Technical Education, Mumbai. (MSBTE)			
• Post Graduate Diploma in Medical Laboratory Technology	1½ Year	30	B.Sc, B.V.Sc, BPTH, B.A.M.S., B.U.M.S., or B.H.M.S, L.CEH, DHMS or equivalent
• Post Graduate Diploma in Dietetics	1 Year	20	MA- Home economics, Nutrition & Dietetics Graduation in Home science, Nutrition, B.Sc or MBBS
• Post Graduate Diploma in X-ray radiography & Ultrasonography	1½ Year	20	B.Sc, B.Sc. Nursing, M.B.B.S., B.A.M.S., B.H.M.S., B.U.M.S., B. Pharmacy, B.D.S.
• Diploma in Hemodialysis Technician	2 Year	20	Passed 12 th Science
• Diploma in Operation theatre Technician.	2 Year	20	
Samarth Institute of Nursing Education			
Affiliated to Maharashtra University of Health Sciences, Nashik. (MUHS)			
• Post Basic B.Sc Nursing	2 Years	20	GNM with 12 th Science
Affiliated to Maharashtra Nursing Council.			
• Revised General Nursing & Midwifery (RGNM)	3½ Years	20	12 th science
• Revised Auxiliary Nursing & Midwifery/ Multi purpose health worker (RANM/ MPHW)	1½ Year	20	10 th pass

▪ **Technical Courses**

❖ **Post Graduate Diploma in Medical Laboratory Technology**

- Eligibility criterion- B.Sc. in Zoology, Botany, Microbiology, Biotechnology, or Chemistry, Life science, Physics, Occupational therapy, Agriculture, Veterinary, Physiotherapy, B.A.M.S., B.U.M.S., or B.H.M.S, LCEH, DHMS or equivalent (Passed with 50% for open category & 45% for Reserved category).
- Age limit: No upper age limit is prescribed.

➤ Examination: - the council exams are conducted each year in the month of June.

➤ Career Opportunities: the pass outs can work as Registered nurse in Government/ private Hospitals, medical institutes, colleges, etc. The candidates have great demand in national as well as international health care sectors. Also they can pursue higher education in Post basic B.Sc nursing & then M.Sc nursing which enables them to seek teaching profession in Nursing.

5. College Faculty: -

We are aware that the Teacher is an active partner in the successful implementation of educational programmes. The Institute has well qualified full time & visiting teaching faculty & technical staff, competent enough for training & guiding the students individually and collectively. Each staff has wide experience in teaching & respective professional field.

6. Co-Curricular activities: -

As per the curriculum, Schedule & norms of affiliating bodies, Institute gives its sincere efforts in conducting various curriculum supporting activities as prescribed in the respective course curriculum. This is an ongoing activity to revise and update the knowledge and skills of the students and thereby maintain their quality.

- Regular internal Tests, Oral & Practical exams are conducted to assess & evaluate the individual academic performance of each student.
- Aggressive training programmes for updating the students in, professional knowledge and Personality development.
- Group discussions: - to generate debating qualities, enhance competitive abilities & communication skills in the students. This activity boosts self confidence & build up positive attitude in the students.
- Seminars: - to improve presentation skill, curricular knowledge, subject interaction & stage daring,
- Hand on skill Training: - the students are allowed to visit the various hospital departments to give them an opportunity to study the actual practical activities performed in the respective departments. This is very useful for the students to get practical guidance & exposure to various recent techniques along with management ethics.
- Case Study: - the students are provided access to get exposed & study variety of routine & special clinical cases arriving in the hospital sections.
- Field/ Community visits: -the students are given chance to actually work / serve in various camps & community visits arranged by the hospital which enable them to correlate theory studied with the Practical Knowledge.
- Research projects: The institute is recently been providing the students with the scientific & social research opportunities during the tenure of their hospital training. The students are assigned project work on short research oriented topics with guidance from the staff as well as eminent visiting research workers.

7. Extra curricular activities: -

Recreational or cultural programmes are conducted by the institute to promote creativity & interaction among the students. Prizes are distributed to the successful students & participants. This leads to all round development of the students, boost confidence & positive attitude in them.

- ◆ **Gathering:** - Annual gathering of the institute is held to celebrate hospital day function. The students are allowed to participate & perform or act in the gathering activities especially items promoting patriotism or social awareness.
- ◆ **Cultural activities:** - other cultural functions like world health day, Nurses day, AIDS day, Nutrition day are conducted. Lectures, presentations, role plays are performed to generate social awareness on different health & social issues.
- ◆ **Painting & Rangoli competitions:** - To promote creativity in the students, Painting & Rangoli competitions are conducted.
- ◆ **Games:** - as a part of recreation activity, sports day is celebrated with students groups competing in various indoor & out door games.

8. Students Welfare: -

- ◆ **Guidance & Counseling:** - Regular student guidance & counseling sessions are conducted to generate student – staff interaction, to know about their academic problems & relieve the students from curricular or extra curricular stress.
- ◆ **Vaccinations:** - The students working or studying in clinical areas are provided with vaccines like hepatitis-B, to avoid any infection during their study or duty tenure.
- ◆ **Medical check ups:** - The students undergo regular medical checkups like laboratory investigations & medication to diagnose & treat any ailment they are suffering from during their course period.

Rules & Regulations

(To be read and preserved by the Students)

1. The candidate should fulfill all the essential eligibility criteria for the course. The application should be complete in all respects with all required documents & should reach the institute office before the due date. The admission will be provisional until approved by the Board/ University/ council.
2. The admissions are offered purely on merit base, any false information, inappropriate activity or canvassing in any form will lead to cancellation of candidature.
3. **Director of the Hospital will exercise overall authority during the students' tenure in the College for the course.** During their tenure at the College the Students will be under the control of the Principal & respective Head of Departments.
4. While on assignment in Laboratory, the students will be under the direction of the respective In-charges / Technicians/ senior staffs.
5. When free from the College, assignment, Students are not allowed to enter the Hospital Wards, Laboratory or other Departments without prior permission from the concerned authority.
6. Students should practice universal precautions while handling the samples or other materials in the Laboratory / Hospital. In the event of any self-illness the students must report immediately to the appropriate authority.
7. Any Student remaining absent from the Classes or duty, without permission, is liable to be expelled.
8. Average attendance in theory & practical as prescribed by the University/ Board/ Council/ Institute is compulsory. Students failing to follow the rule for minimum attendance will be considered ineligible for appearing the final examination.
9. Formal instructions are given by the qualified Technical / Medical staff / Respective in- charges.
10. Students will record all practical work in their practical workbook. Students are entirely responsible for the completion of all journals / Practicals, as prescribed for the Board/Council/University Examinations.
11. Students are required to observe the timetable provided. All the assignments, whether in the classroom, clinical areas or in Laboratory must be performed as scheduled in the timetable.
12. Performance of student in internal tests or examinations will be considered while applying for the final Board/Council/University Examinations. The students failing to score minimum marks required to qualify for Board/Council/University examination will be considered uneligible for the same.
13. Students are expected to render help in any emergency and participate in all the activities of the Trust's Hospital / college / Hostel.
14. Visitors are prohibited to visit the College or converse over telephone with the students during the period of tutorial, classes, clinical duties and / or Laboratory Practical sessions. Visitors are allowed only on the dates scheduled by the college. Visitors should be entertained in the visitors room, strictly during visiting hours and should not be entertained in other areas of the hostel, hospital wards or departments etc.
15. Hostel Students should be in their respective rooms by 7.00 p.m. except when deputed for any assignment by the College / Hospital authorities.
16. All Students must wear the prescribed Uniform during the Classroom lectures / Practical sessions in the Laboratory or wards or while on any academic duty. Students without proper uniform shall invite appropriate punitive action.
17. Students shall take care of their belongings themselves. The College / Hospital / Trust will **NOT** take any responsibility for the loss of any of the valuables, money, and/or other belongings. Students are requested not to carry jewellery, mobile phones or other valuables with them during their tenure at the Institution.
18. Students are expected to refrain from any subversive activities that would mar their training or bring disrepute to the College / Hospital / Trust. Violation of any of the rules will be dealt with disciplinary action according to the discretion of the authorities and if necessary, dismissal from the institution may be considered, depending upon the seriousness / gravity of the violation of the rules / misconduct.
19. Every Student shall take reasonable and prudent care of the property, books, furniture, instruments, equipment, machines etc. and shall take all the reasonable precautions, at all the times, to safeguard them from accident, damage or loss. Where damage or loss is attributable to the negligence, mishandling or misuse on the part of a student such a student shall be liable for appropriate punitive action.
20. The prescribed amount fees for the respective course should be paid before the due date as directed by the Institute.
21. Parents / Guardians of the Students must be available & meet the Principal when called for.
22. Conduct of the Students is expected to be strictly ethical. Students are prohibited from accepting reward of any kind at any time from the patients of the Trust's Hospital or from the relatives of the patients. They are expected to observe the written and unwritten rules of the College / Trust's Hospital / Hostel / Trust / MSBTE/ University/ Council and take a healthy interest in their studies, work and discharge their duties conscientiously so as to merit a place in the health team of the nation.

DECLARATION & UNDERTAKING

I hereby declare that the information given above is true & correct best to my knowledge. If admitted to the course I agree to abide by the rules & regulations of the institute / Affiliating authorities/ Government. I shall not participate in any activity that will interfere with maintenance of discipline and order. I also declare that I have not been debarred from appearing any examination held by any government, constituent or statutory examining authority in India. I'm bound to pay the prescribed amount of fees for the admitted course. I'm aware that after confirmation of admission the institute has legal claim for the prescribed fees.
